Answer TWO questions.**

1. In what ways have artists represented EITHER nature OR the human body? Discuss, using TWO key examples to illustrate your choice.
2. Discuss an exhibition of art or design that you visited recently. What impressed you about it most and why?
3. How would you explain the best ways of looking at a work of art to a friend who said they had never enjoyed the visual arts? Set out at least THREE helpful points based on your own experience of enjoyment, developing them into an essay that explains your point of view.
4. Are advertising images art? Discuss.
5. 'Photography is more relevant to our society than either painting or sculpture.' Discuss this statement and offer your opinion.
6. 'Graffiti is more about social messages than it is about art.' Debate this statement and come to a conclusion that expresses your thinking on graffiti.
